

## DIGESTIVE & DETOX SUPPORT

# LYMPHATIC DETOX

Brain fog? Memory issues? If your lymphatic system isn't moving, you're living with toxicity. Period.

Lymphatic Detox is a BioActive Carbon product that focuses on drainage and immune support throughout the lymphatic system, creating the motion to support drainage.

Natural ingredients included in the Lymphatic Detox product include turkey rhubarb, sheep sorrel, and burdock root, whose anthraquinones, tannins, and plant sterols have antioxidant properties, and other immune system-supporting properties. Burdock root, specifically, has been shown to be particularly effective in supporting the body's efforts to remove biofilm.

Additionally, Lymphatic Detox utilizes Slippery Elm bark (a mild natural diuretic), Astragalus root (lymphatic system and liver support), and Graviola chuchuahasi (adrenal support).

This blend of natural ingredients and our BioActive Carbon allow for effective detoxification coupled with binding and die-off symptom mitigation. This means your detox efforts are optimized while your progression toward overall wellness is maximized.

As with all our BioActive Carbon products, you can take Lymphatic Detox with or without food. Simply add it in earlier in the day and later in the day for best results.

Recommended dosage is one capsule, twice daily, at breakfast and dinner.

### Supplement Facts

60 servings per container	
<b>Serving size</b>	<b>1 capsule</b>
Amount per serving	% Daily Value*
BioActive Carbon Complex	50mg
Proprietary Blend	450mg
